MAYOR'S REPORT

Mayor Madden made the following comments:

So what makes a community prosper?

One of the ideal things is having a cross section of multiple generations to participate in all levels of community affairs. Civic involvement works best when we hear from our youth and their concerns, needs and interests to bring to the table fresh knowledge, skills and technology that we, the older generations may not address. Getting involved brings new perspectives and ideas into our debates and decisions. Please know that government is not just for the benefit of our generational makeup sitting up here and those sitting down there.

By volunteering and becoming an active part of this process, you will be enriched with a well-rounded understanding on important issues that are part of every community such as environmental, public safety, budgets and many other policy situations. Civic involvement makes us better informed with current event issues and even dealing with political activism.

Perhaps tonight's meeting will provide a spark of inspirations to get you engaged to promote the quality of life that we have come to expect while having a voice in government decisions.

I met with Doug from the Rescue Squad and they are working on a resolution to the roof issue. They are interested in fostering a good working relationship with the Borough and are working to improve their response rates and coverage hours. In all, we had a good 1st meeting.

OEM - I've attended 2 recent meetings with the OEM. One of the meetings was specifically centered on recruitment. As a side note, I have seen the submitted budget for the OEM and see a potential shortfall in the training line, as brand new training requirements coming from the state will require additional training for OEM.

Fire - Progress is being made, albeit slow in the moving of the storage rooms. There has been discussion regarding container storage and shed storage but this still needs to be sorted out.

Police - the February police report listed 1734 calls for service.

Councilman Quinn

Councilman Quinn made the following comments:

The Board of Health will now have bi-monthly meetings starting May 12th.

Councilman Rex**Councilman Rex made the following comments:**

There were 8 emails from residents requesting that their trees had various problems that they would like to be addressed. Different Commission members volunteered to investigate. One was concerned about a tree that PSE&G had removed for a utility issue, and they would like the stump to be grinded down. In addition, there were four previous communications that the commission are presently inspecting the trees for various issues on.

Work Agenda

Two trees are being monitored after they leaf out in the spring.

New Business

Update on Budget for 2022. Commission received \$10,000 for their temporary budget for 2022.

Prioritized outstanding pruning/removal should be encumbered for month based upon available funds. Chose one large tree for removal.

Discussed three shade trees that were removed without commission approval. One was a potential sewer problem. The Superintendent was unable to confirm that this was a shade tree, as it was a pile of chips, no action was taken. Violations may occur.

Plaque for John Sweeney - Commission discussed this plaque and the dedication of the tree, which is scheduled at the time for April 26, 2022.

Fall 2022 Planting.

Four areas were determined for the planting, as well as the variety of trees.

Unfinished Business.

RFP for Tree Inventory - Chairman Bond continues to work on putting this plan together.

Dedication of property on Raritan Avenue as an arboretum was discussed. This is a blue acres area, so redevelopment cannot occur. Research indicates that there are 3 different stages that can exist. Commission will continue to investigate this idea.

Potential Ordinance Amendment. The Mayor and the Code Enforcer wrote a Final Draft for Chapter 395 Trees. Commission, in teams of two, were formed to review this and will report back at the next meeting with any corrections or additions they deem necessary.

Arbor Day Planting. Every State Municipality has the opportunity to receive seedling plants from the famed Salem Tree White Oak. It is believed that John Fenwick, a Quaker, bartered a treaty with the Lenni Lenape Indians, under this tree in 1675, for the first settlement in Western Jersey. Chairman Bond will interface with the Library Director to see if we can plant seedlings on Library grounds on Arbor Day.

Sanitation Department collected 286 tons of household trash and 11 tons of bulk.

Road Department used 15 tons of blacktop to fill various potholes throughout town. Approximately 255 catch basins were cleaned. Main roads were salted and brined due to impending snow storms.

Parks Department cleaned up debris and litter near the parks and streams from Ida.

Sewer Department provided maintenance of sub-station and pumps at lift station.

PRIVILEGE OF THE FLOOR

Sheila Fuhrmann, 38 Whitney Drive, commented on the recent closure of the Acme Supermarket in town and expressed her concern for the low income household surrounding the area that are no longer able to walk to the supermarket. The nearest supermarket currently is too great a distance to walk and there is a great need for transportation for these residents. Public transportation in Middlesex Borough only runs through Route 28, leaving any residents who live near Lincoln Blvd to walk a great distance just to hop on a bus. Mrs. Fuhrmann urges the Council to consider using the Senior Buses to help meet the needs of these residents and use the buses to transport seniors to the store for groceries. Mrs. Fuhrmann feels that they should use the additional room in the bus for the residents with hardships. She suggested they use a first come first serve basis, and possibly limiting the residents to once or twice a month transportation for those in need.

Jim Bagatti Bridgewater, asked when the public hearing on the Ordinances would be.
